Pathways Towards Sustainable and Resilient African Agri-Food Systems: The role of collaborative knowledge cocreation and transfer

Pr. Ndomelele Ndiko Ludidi
Faculty of Agriculture and
Natural Sciences (FANS)
University of Mpumalanga,
South Africa

Pr. Ndomelele Ndiko Ludidi has served as the **Dean of the Faculty of Agriculture and Natural Sciences (FANS) at the University of Mpumalanga (UMP)**. In addition to his leadership role at UMP, he holds an Adjunct Professorship in the Department of Biotechnology at the University of the Western Cape. Prior to joining UMP, he was a Professor of Biotechnology at the University of the Western Cape, where he contributed significantly to teaching and research in the field.

An established researcher with an NRF rating of C2, Prof. Ludidi's expertise lies in plant molecular biology, plant physiology, and biochemistry. He also brings extensive university-level teaching experience in biochemistry, plant biotechnology, and plant physiology.

 Salle El Maâmouri de l'Institut National de la Recherche Agronomique de Tunisie -INRAT
